INSTRUCTIONS

NOTE: To correct or change the name listed on a Pennsylvania Certificate of Title, use Form MV-41A, "Application for Correction or Change of Name".

GENERAL

- If this application is processed, and the requested title, registration, or both are not received due to loss in the mail, the vehicle owner may apply for a free duplicate title on Form MV-38O, and free replacement of registration on Form MV-44 within 90 days of the date of original issuance. The lienholder, if applicable, must use Form MV-38L and a Pennsylvania Motor Vehicle Dealer must use Form MV-38D in this case.
- Fee for issuance of a corrected title: \$22.50. Do not send cash. Make check or money order payable to the Commonwealth of Pennsylvania and mail the completed application to PA Department of Transportation, Bureau of Motor Vehicles, Harrisburg, PA 17104-2516.

IF BLOCK #1 IS CHECKED ON REVERSE - Certificate of title and \$22.50 title fee must be attached.

- This form can only be used to correct typographical error of one digit, transposition of two digits, or if the vehicle's engine number has been erroneously recorded as the Vehicle Identification Number (VIN).
- Verification of gross vehicle weight rating (GVWR) and gross combination weight rating (GCWR) must be completed by authorized inspection mechanics only in the spaces provided in Section E.
- Verification of the VIN can be done by authorized vehicle safety inspection mechanics and notaries public employed by a full agent or motor vehicle dealer.

IF BLOCK #2 IS CHECKED ON REVERSE - Certificate of title and \$22.50 title fee must be attached.

- Original Vehicle Identification Number (VIN) will be used on state replacement VIN Plate unless original number cannot be determined. A corrected title and registration card will be issued indicating that a VIN plate has been replaced.
- Section C on the front of this form must be completed by a police officer. The police officer verifying the original Vehicle Identification Number must sign his/her name and list the badge number, department name, and telephone number.

IF BLOCK #3 IS CHECKED ON REVERSE

- Current certificate of title is not required to be attached to correct the number of axles, or when applying only for change of the registered gross vehicle weight and there has been no alteration to the vehicle. Certificate of title and \$22.50 title fee MUST be attached for all other changes or corrections.
- In addition to the title fee (if applicable), appropriate increase fee for the difference in registration weight and seating capacity must also be attached if registration is desired.
- Current certificate of title must be attached when applying for a change of the odometer reading. Notarized statements from the previous owner and the applicant listed in Section A on this form are required. In addition, copies of past 3 years inspection records or repair bills that cover the time of the odometer discrepancy must be attached. In many instances, the inspection records or repair bills include the vehicle odometer reading at the time of vehicle safety inspection or repair which will help substantiate the actual mileage being requested.
- Current certificate of title must be attached. If the vehicle has been altered to raise the weight capacity, a letter on business letterhead of the manufacturer is required, explaining in detail what alterations are required to qualify the vehicle for the requested weight. In addition, a letter from an authorized dealer is required, stating the necessary alterations have been completed. The Vehicle Identification Number (VIN) and the name and address of the applicant must be listed on the letter. A letter from the manufacturer is not required when only an axle is added to the vehicle.
